Re: Second Submittal, Water and Sewer System Expansion, Canyon Fuel Company, LLC,
SUFCO Mine M&RP C/041/002-AM01C

Dear Permit Supervisor:

The enclosed eight copies of materials are being submitted to update the Water and Sewer System Expansion amendment submitted on July 23, 2001. Attached are DOGM forms C-1 and C-2 and appropriate pages and Plate 5-2B.

These new pages 2-12, 2-12A, 2-12B, 7-63, 7-63A, 7-74 and 7-75, and Plate 5-2B have been revised to address the deficiencies in the Division letter dated August 29, 2001, and need to replace the pages in the original submittal.

The deficiencies and responses to the Water and Sewer System Expansion amendment are:

1. **R645-301-230**

- ◆ The permittee must be more exact on the thickness and the amount of topsoil to be removed. The permittee must give an explanation on determining the thickness of the top layer of soil, which would be removed. The leach field is excavated and then is partially filled with gravel. The permittee needs to explain what will happen to the excess soil from the excavation.

Response:

New pages 2-12, 2-12A, and 2-12B have been revised to address this deficiency.

2. **R645-301-742**

- ◆ The permittee must provide sediment control for the areas disturbed due to the expansion of the leach field. The Mining and Reclamation Plan on Page 7-63 must be updated to reflect that this portion of the leach field is an Alternate Sediment Control Area. The permittee must change Page 7-75 to reflect that the new addition of the leach field is not calculated into the Small Area Exemption acres.

Response:

New pages 7-63, 7-63A, 7-74 and 7-75 have been revised to address this deficiency. The leach field has been modified from a Small Area Exemption area to an Alternate Sediment Control Area with the sediment control consisting of containment berms and silt fencing. The area will also be fenced to prevent grazing.

If you have any questions or need additional information, please contact Mike Davis at (435) 286-4421.

Sincerely,
CANYON FUEL COMPANY, LLC
SUFCO Mine

APPLICATION FOR PERMIT PROCESSING

Permit Change <input checked="" type="checkbox"/>	New Permit <input type="checkbox"/>	Renewal <input type="checkbox"/>	Transfer <input type="checkbox"/>	Exploration <input type="checkbox"/>	Bond Release <input type="checkbox"/>	Permit Number: ACT/041/002
Title of Proposal: Second Submittal - AM01C - Sewer and Water System Expansion Amend.						Mine: SUFCO MINE
						Permittee: CANYON FUEL CO., LLC

Description, include reason for application and timing required to implement: Due to the increase in production and more yard dust control, SUFCO Mine has had to hire additional people. With this increased usage the existing culinary water and sewer systems need to be expanded to increase their capacity.

Instructions: If you answer yes to any of the first 8 questions (gray), this may be a Significant Revision and require Public Notice. Any questions, please call a Permit Supervisor

ASSIGNED TRACKING NUMBER

Second Submittal - AM01C - Sewer and Water System Expansion Amendment.

Mine: SUFCO MINE

Permittee: CANYON FUEL CO., LLC

Provide a detailed listing of all changes to the mining and reclamation plan which will be required as a result of this proposed permit application. Individually list all maps and drawings which are to be added, replaced, or removed from the plan. Include changes of the table of contents, section of the plan, pages, or other information as needed to specifically locate, identify and revise the existing mining and reclamation plan. **Include page, section and drawing numbers as part of the description.**

Any other specific or special instructions required for insertion of this proposal into the Mining and Reclamation Plan?
